

Kalinago English

Simply Conversations

Job Interviews

Price per Unit (piece): €4.99 (including 7 % tax)

(CEF B1+) Ever get those students who tell you a day in advance that they need to have an extra lesson because they're interviewing for a job..? and part of this interview will be in English? Or those who whisper to you (almost embarrassed) that, well one day, they'd like to emigrate which is why they're learning English but... they don't know if they could do the interview and would you help? This VERY useful set is full of really hard-hitting questions which will save you the time of preparing a special lesson and to be honest, actually, I'd recommend doing it with the same student(s) again and again as practice - they'll be grateful to you forever.
